304 Ave D South  
Saskatoon, SK

## ABOUT US

---

We are proud to be one of the leading concrete companies in Canada, with a reputation for quality, reliability, and innovation. We started out as a small local company in Saskatoon, where we gained valuable experience and expertise in various concrete projects. Over the years, we have expanded our services to include industrial, commercial, and general contracting work, serving clients across the country. Whether you need a foundation, a floor, a wall, or a decorative feature, we have the skills and equipment to deliver exceptional results.

## OUR HISTORY

---

Contour Developments has a long and successful history in the city of Saskatoon. We began as a small team of dedicated and hardworking professionals, pouring concrete driveways for residential customers. As our reputation grew, we started to take on bigger and more complex projects, such as buildings and industrial work. Today, we are proud to be involved in some of the most challenging and rewarding concrete projects in the country, such as different types of mineral mines. We have never forgotten our roots, and we always strive to deliver the best service and quality to our clients.

# OUR SERVICES

We offer a wide range of services, from foundations to floors, from structures to finishes, for various sectors and projects.

Whether you need concrete work for a mine, a warehouse, a multilevel building, an elevator shaft, or anything else, we have the skill, experience, and equipment to deliver quality and durability.

## 01 INDUSTRIAL and MINES

Having had some time at my disposal when in London, I had visited the British Museum, and made search among the books and maps in the library regarding

## 02 COMMERCIAL CONTRACTORS

that some foreknowledge of the country could hardly fail to have some importance in dealing with a nobleman of that country. I find that the district he named is in

## 03 CONSTRUCTION MANAGMENT

country, just on the borders of three states, Transylvania, Moldavia and Bukovina, in the midst of the Carpathian mountains; one of the wildest and least known

## 04 ANOTHER COOL THING

light on any map or work giving the exact locality of the Castle Dracula, as there are no maps of this country as yet to compare with our own Ordnance Survey

# OUR MISSION

Contour Developments delivers top-notch concrete services for commercial and industrial clients. We can handle any project with skill, quality, and style. We use the best materials and methods for lasting results.

We respect and value our crew and managers equally. We work as a team, with open communication and innovation. We aim for excellence and satisfaction for ourselves and our clients.

01

## VALUE

At Contour we value quality, teamwork, and innovation. We respect our crew and clients, and we strive for excellence in every project.

02

## VISION

Contour aims to grow and expand our services and markets, while maintaining our high standards. We aspire to be the leading concrete company in Canada, with a reputation for quality, reliability, and innovation.

03

## MISSION

Quality, teamwork, and innovation are our core values. By working with our clients to understand their needs and deliver customized solutions, we ensure their satisfaction. We go above and beyond to exceed their expectations.

# PROJECT HIGHLIGHTS

Each project is handled personally by one of our project managers - ensuring you are happy and comfortable with the renovation at every stage. We partner with our clients to achieve great results while staying on budget and on time.

## MINE STUFF

Our company provides industrial concrete solutions for the mining industry, where we build quality and reliable concrete structures and foundations.

## SUSPENDED SLABS

We have experience in pouring a 16,000 square foot suspended concrete pad, which is ideal for heavy equipment and machinery.

## PRECAST PANELS

We have successfully built a commercial building with concrete panels, which offer many benefits such as energy efficiency, fire resistance and design flexibility.

## ELEVATOR SHAFTS

We have delivered high-quality concrete elevator shafts for a commercial building, which ensure the safety and comfort of the guests and staff.

# OUR TEAM

We are proud to have a team of highly skilled and passionate professionals who share our vision and values. Our team members are dedicated to delivering the best results for our clients and partners.
